FABIO

INVITING COMFORT WITH ITALIAN SOPHISTICATION

Italian sophistication combines with delightfully alluring texture in the greatly anticipated FABIO. Boasting a natural fibre blend that creates a heavenly boucle texture, FABIO will enhance soft yet sturdy contemporary upholstery for warm and comforting interiors.

Application: This heavy commercial, Italian made fabric is constructed with a hybrid of fibres, including cotton and wool, exuding a soothing aesthetic and soft touch while delivering exceptional quality and durability, for upholstered furniture and cosy cushions alike. FABIO can be used to create a cocoon-like interior with chunky, dimensional tactility, to evoke a sense of calm in the home, or to bring warmth and sophistication to commercial spaces.

Colourways: FABIO offers eight transitional and versatile colours suited to a multitude of furniture styles. Ivory and Buff are warm neutrals to soften and calm, while Frost, Steel and Charcoal are grey-based cooler toned hues. Boldness and heavier saturation is seen in the earthy Umber, nature-like Spruce, and classic Midnight skus. Each colour can be applied elegantly on its own, or combined with other patterns and colours for even greater visual interest.

Rating: This heavy commercial rated, Italian natural-blend fabric is tenacious, refined and comes in an array of refined colours. Soft-touch and sophisticated, FABIO's chunky boucle finish creates a refined, warm and comforting aesthetic, suited to both residential and commercial interiors.

HEAVY DUTY COMFORTABLE

DESIGN	USAGE	COMPOSITION
FABIO	Heavy Commercial Martindale 47,600	29% Polyester, 29% Acrylic, 21% Cotton, 15% Wool, 6% Viscose
