ECLECTIC TEXTURES GLOBALLY INSPIRED

BADRU, BINTA, PARSА, TAMALA

Textures of the world combine in our BINTA collection. Creating an eclectic, travelled feel with a luxurious selection of natural blend fabrics. This collection brings beautiful patterns together creating high-end, bold statements sure to excite and inspire.

Design: BINTA boasts an all-natural, large-scale tribal print. Digitally printed on a linen base cloth BINTA is lightly textural with a matte distressed aesthetic. TAMALA's feature embroidered stripe brings dimension to this similarly constructed print for an organic tactile option. With its Jacquard weave, BADRU adds heavy textural interest with a casual nature. Finally, PARSА features a classic, small-scale geometric weave. The yarn-dyed Jacquard gives the pattern a 3D tactility with a uniform, structured feel.

Application: BINTA & PARSА deliver dual-purpose properties making them a perfect choice for earthy, rich, textural drapery. As a whole, the BINTA collection is suited to all upholstery applications – luxury lampshades, cultured cushions and rustic, statement furniture.

Colourways: BINTA's colourways stick to the earthy, natural style of its associated patterns. Earth encompasses a soft neutral tone that is classic, sophisticated and versatile. The bolder, rusticity of Umber brings in desert reds and clay hues. Ebony recreates the classic tribal colours and natural pigments with its darker neutrals.

Rating: BINTA is an Oeko-Tex certified collection of natural blend fabrics. This worldly selection is a beautiful decorative option for drapery and upholstery applications. Inspired by tribal motifs and elemental colours, BINTA adds textural interest to a space with an organic, sophisticated nature.

DESIGN	USAGE	COMPOSITION
