EVOKING THE EXTRAORDINARY THROUGH A COLLECTION OF TEXTURAL WOVEN FABRICS – CERVO by Warwick

The CERVO collection takes you on a journey of richly woven history echoing the past and re-threading it for the future. It's a sophisticated range where unique pattern and textured tradition converge, blending reinvention and timeless design for endless creative outcomes.

- DUBROVNIK** Woven with an artistic stippling effect, this chunky tri-coloured boucle is highlighted with a subtle sheen making it eye-catching and unique.
- HVAR** A space yarn-dyed woven style where its mixed-tone, linear undulating weave creates a one-of-a-kind effect that is both organic and structured.
- MAJORCA** A space yarn dyed, broken line design varying in thread weights and textural heights, accentuated with informal colour variations and irregular boucle ribbons.
- POZZALLO** A stunning tactile and multi-toned boucle style that is soft and rhythmically woven creating a modernised look with historic charm.
- SALINA** A textured and chunky multi-toned basket weave where ancient appeal is characterised through thick and thin threads that overlap and intertwine with intrigue.
- TIBER** The collection hero is a primitive pattern inspired by ancient culture using a high-low tactile design where its grounding dry flat-weave pairs with its worldly and bold soft boucle pattern.
- ZAGREB** Beautifully marbled with a linear boucle texture that mimics fossilised rock patterns.

- APPLICATION:** The variety of textures and patterns in CERVO provides an abundance of design opportunities throughout residential and commercial spaces, offering versatility for classic and contemporary aesthetics across upholstery and soft furnishing accents.
- COLOURWAYS:** CERVO has nine colour groups centered around nature's organic influence from the rugged and raw beauty of weathered stone to the quiet resilience of windswept terrain. The earthy harmony of a spectrum of greys, browns, blues and neutrals are accentuated with hints of colour, creating a collection that is evocative, organic and raw.
- RATING:** The range is a mix of Heavy Domestic/General Commercial and Heavy Commercial with Oeko-Tex certification and an AS1530.3 fire rating.
