

WARWICK

LIGHT AND BREEZY WITH A REFINED FINISH - JUNO by Warwick

Overview: JUNO showcases timeless sophistication creating a refined and relaxed sense of style through its sheer textured quality. The organic neutral colour palette of JUNO makes it the perfect addition for large architectural windows and urban environments where the desire for natural light and privacy coexists.

- Application: JUNO's transitional pattern can be incorporated into any interior with comfort and ease. Made from 100% Polyester, its organic weave structure gives a light, floaty handle that will impact the ambience of space by allowing light to permeate the room whilst enhancing a sense of privacy. This wide width (315cm) sheer features a subtle texture in a continuous, self-weighted drop, suitable for residential and commercial drapery settings.
- Colourways: JUNO's neutral range features nine timeless and versatile colours. Fresh tones of Chalk and Frost will help create a light look that is perfect for modern coastal spaces whilst core basic colours such as Flint, Raffia and Linen offer a gentle hint of colour. The palette extends to the depth of Meteorite for those seeking a sense of contrast and drama.
- Rating: Fire tested for AS1530.2 and AS1530.3, Oeko-Tex and suitable for lampshades, drapery and Roman blinds, this airy sheer features a continuous self-weighting that runs the length of the wide width (315cm), making it ideal for use in both residential and commercial settings.
