TACTILE TEXTURES WITH CAPTIVATING COMMERCIAL STRENGTH - ALTO by Warwick

Overview: Contrasting textures prove they attract when pairing ALTO and KINDRED. Balancing strength, tactility and tone - these transitional textiles come together to create an alluring and versatile range of textured plains. Individual or combined, this mix and match collection is grounding and adaptable - suited to a range of upholstery applications in both residential and commercial settings.

- **Application:** ALTO and KINDRED both boast heavy commercial and AS1530.3 fire ratings, along with the easy-clean Halo label. ALTO is an irregular, multi directional cross hatch texture. This fabric's matte finish and slubby yarn create a fabric filled with tactility and multi-toned contrast. KINDRED offers a short-piled, soft-touch finish and features an Oeko-Tex certification. The varying yarn and textured depth give KINDRED a soft and brushed look with an all-over tonal nature. ALTO and KINDRED are perfectly suited to universal upholstery applications from smaller pieces like bedheads, ottomans and cushions to larger projects including chairs and sofas. These fabrics create a transitional base to blend and layer upon with strength and sophistication you can rely on in both residential and commercial spaces.
- **Colourways:** Featuring 14 options for both ALTO and KINDRED, this core collection of 28 textured plains transitions into almost any interior style from classic to contemporary. Traditional and timeless neutrals include Snow, Oatmeal and Fawn. For more moody, urban hues see skus of Fossil, Java and Steel. Adding bright, bold and trending to the mix are tones of Scarlet, Manuka and Cascade.
- **Rating:** ALTO and KINDRED are both tested to AS1530.3 standards, boast heavy commercial ratings and Halo easy-clean properties. KINDRED additionally features an Oeko-Tex certification. These fabrics have been considerably coloured to work individually or combined, allowing transitional textures to harmonise and enhance seamlessly. Suiting interiors from classic and country to contemporary and trending in both residential and commercial environments, ALTO and KINDRED create beautiful tactile and unique upholstery regardless of where they are used.
