WARWICK

BOYD
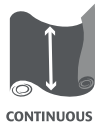

THE ART OF SOPHISTICATED SIMPLICITY THROUGH THE BALANCE OF TEXTURE AND COLOUR – BOYD by WARWICK

BOYD is a transitional drapery collection that presents a beautiful textural chenille blend with the refinement of modernised design through nurturing hues and a versatile density.

- DESIGN: Created with a textural heaviness, BOYD has the ability to be both relaxed and sophisticated. Constructed with a smart heather finish, the overall texture feels soft and comfortable, making it ideal for using in spaces that require a relaxed and understated formality.

- APPLICATION: Available as a 300cm wide solution, BOYD is an adaptable collection for both commercial and domestic installations that can provide block-out privacy, be used to soften acoustics, layer it with a sheer to create a room with hybrid natural lighting or apply across soft furnishings to tie a space together.

- COLOURWAYS: BOYD is available in 15 expansive, timeless tones with all bases covered. Crisp whites, rustic naturals, earthen taupes, cool greys and mineral blacks. Each colourway has been designed to compliment the most commonly used interior colour palettes making BOYD versatile with creative opportunity.

- RATING: BOYD has a AS1530.3 and AS/NZS 1530.2 fire rating.
