

LINIA

UNDERSTATED ELEGANCE FOR EXQUISITE INTERIORS

Where imperfection meets sophistication, DICAPRIO is a contemporary, luxe plain with a raw aesthetic. Part of our LINIA range and made in Italy, DICAPRIO is perfect for creating stylish interiors with a rustic twist in both modern residential and general commercial spaces alike.

Design: Unique in style, DICAPRIO is a textured, jacquard woven plain with a beautifully irregular weave construction and dry finish. Its space dyed technique introduces colour variation in the yarn which further amplifies its chunky nature, making DICAPRIO ideal for organic looks with a luxurious quality.

Application: Tactile and on-trend, DICAPRIO is perfect for adding sophisticated, European texture to an interior for a classic, timeless look. Versatile in design, DICAPRIO can be used in domestic and general commercial spaces to create beautiful sofas, feature armchairs, as well as fashionable cushions and lampshades.

Colourways: In seven neutral colourways, DICAPRIO offers a timeless palette that will suit an array of interiors. Lamb is a natural ivory that brings a stylish undyed look. An earthy terracotta with pink hues can be found in Quartz, while Cinnamon offers a sweet yet spicy brown for added warmth. Pecan is a taupe with lovely pops of ochre and rust, whilst Eucalyptus provides a silvery grey option with a sage undertone. Silver is a lustrous light grey, whereas Gravel is a deep charcoal that embodies several grey tones for dimension.

Rating: Bringing a unique feel, DICAPRIO's rich, multi-dimensional texture combined with its neutral palette allows for natural, organic looks to be created in both residential and general commercial spaces. While raw in appearance, DICAPRIO offers sophistication and understated elegance, making this collection exquisite and delightful.
