EMBRACE A PLAYFUL AMBIANCE WITH ECLECTIC, COLOURFUL PATTERN AND A VINTAGE FEEL – ARWEN by Warwick

Welcome a grandmillennial style with ARWEN. Part of our Warwick Naturally brand, ARWEN is a dual-purpose collection of transitional, quaint patterns that bring playful colour and a soft, whimsical feel — perfect for those wanting to create a vintage or lively interior with casual sophistication.

- **DESIGN:** Bringing a washed aesthetic and dry finish, ARWEN is digitally printed on a woven, natural fibre blend base cloth, embodying a soft, micro texture for subtle visual allure. In two relaxed yet versatile designs that are made to mix and match, ARWEN is a fun, multi-coloured warp stripe; while FAYE offers a traditional, watercolour floral motif.
- **APPLICATION:** Suitable for residential applications, ARWEN is bound to bring joy and a unique style to an array of interiors. This versatile and dual-purpose collection is perfect for creating fun, maximalist spaces, as well as eclectic cushions and lampshades, and distinctive drapery.
- **COLOURWAYS:** In five enticing colourways, ARWEN encourages creativity with its vibrant, multi-coloured designs. Soft, feminine pink tones can be found in Rosewood, while Fiesta brings an impactful, punchier option with a hint of turquoise. To brighten your space, Buttercup features cheerful, sunny yellows for a fresh aesthetic. For a neutral alternative, Sprout offers soft greens for a nature-inspired feel, while Wedgwood is a cool, blue toned story that is perfect for calming, soothing spaces.
