

WARWICK

A COMFORTING FUSION OF COLOUR AND TEXTURE – FLETCHER by Warwick

Soft and tactile with a relaxed urban mood, FLETCHER is a transitional plain that will add warmth and texture to timeless interiors and contemporary spaces.

The perfect fabric for plush cushions and comfy sofas, FLETCHER's two tone finish and luxurious handle will feel at home in any design scheme. Whether your style is casual and fresh or refined and sophisticated, FLETCHER's transitional colour palette and lush textures will create an aesthetic that is effortlessly comfortable and always inviting.

- **APPLICATION:** Protected by the HALO characteristics of enhanced durability and easy cleanability, FLETCHER's corduroy construction offers a modern take on the traditional weave structure. Featuring piece dyed cationic yarns for a unique two-tone effect and tactile surface feel, FLETCHER's subtle linear texture creates a beautifully soft finish that is perfect for heavy upholstery use.
- **COLOURWAYS:** Timeless neutrals such as Chai, Barley and Pebble are natural colours that act as the perfect base for mixing and matching, while deep contrasting tones like Pine, Ink and Midnight offer a rich and sophisticated mood that is ideal for feature pieces and bold accents. Opal, Peacock and Spice complete the colour palette with a refreshing selection of on-trend hues.
- **RATING:** A robust fabric that is ideal for upholstery applications in residential settings, FLETCHER's HALO properties of enhanced durability and easy cleanability will also feel at home in heavy commercial environments. FR rated with the added benefit of Oeko-Tex certification, FLETCHER offers a soft handle and two tone highlights to create the perfect balance of colour, texture and construction.
