

WARWICK

BRINGING THE GRACE OF THE AUSTRALIAN WILDERNESS INDOORS - HEALESVILLE by Warwick

HEALESVILLE is a beautifully designed collection that uses the diversity of a native environment to create a visual story that is as symbolic as it is inspiring through an Australiana naturalist lens.

- **DESIGN:** The inspiration for HEALESVILLE centers itself around the vibrancy of Australian organic texture and colour and has been designed by local artist Jayne Branchflower. Jayne's technique reflects a botanical hand-painted style with soft watercolour layers that are complimented with the texture of brushed cotton and linen creating a dry, natural aesthetic.
- **APPLICATION:** HEALESVILLE is a pattern that will fit beautifully into residential spaces where its organic charm can be applied to furniture, drapery and soft furnishing accents. The dryness of the fabric will allow for pairing with various textures adding depth and interest while blending within both contemporary and traditional styles.
- **COLOURWAYS:** There are five colourways within HEALESVILLE creating a cohesive, quintessentially Australiana palette. Autumn exudes soft, subtle hues of white, green and peach while Forest presents lush greens reminiscent of dense eucalyptus forests. Desert is filled with muted, sun-washed shades of arid regions and sage provides soft, calming greens capturing the tranquility of delicate foliage. Lastly, Noir introduces a striking combination of deep, dramatic hues where accents of green, peach and brown capture a nighttime inspired palette with sophistication. Combined, each colourway harmoniously blends Australia's diverse and vibrant flora in its simplicity.
- **RATING:** Part of the Warwick Naturally brand containing a minimum of 70% natural fibres.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
