

WARWICK

Ingrid

Ingrid Collection Hanger

Our Ingrid range is a modern, colourful, digital print, featuring a contemporary abstract floral design with a large pattern repeat.

The on-trend painterly floral featured in Ingrid brings a feminine accent to interiors, while the undefined edges created by the water colour style works easily in both a classic and modern scenario.

Available in three fresh colourways of Chintz, Indigo and Terracotta, Ingrid easily brings an upbeat mood and a definitive style to any space.

Made with a natural 100% cotton base cloth, the collection's appeal is offset with the practicality of being washable. It's a dual purpose range, being suitable for both drapery and general domestic upholstery and is also Oeko Tex certified.
