

WARWICK

A SPIRITED COLLECTION OF ECLECTIC COLOUR - RATHBONE by Warwick

Overview: Traditional design and eclectic colour combine to bring you RATHBONE. Drawing its names from bold, influential and eccentric women of their times - this range of textures, plains and prints come together to create the ultimate selection when applied individually or as a harmonious statement. From drapery to smaller accessories and large scale upholstery, RATHBONE inspires an array of interior applications and styles, and can blend together to create its own bold and bespoke aesthetic.

- Design: LOTTIE, SOMERVILLE, PARKS and BEATRIX bring a selection of screen and digitally printed designs to this collection. The hero design LOTTIE, is a large-scale multi-coloured floral filled with personality and style, SOMERVILLE brings a classic lattice combination of geometrics and florals, PARKS offers a scattered multi-directional floral and BEATRIX is an Ikat inspired mid-scale geometric.
- BLACKBURN, MARTEL, POWELL and COWAN add classic jacquard weaves in a selection of texture filled stripes and geometrics. BLACKBURN is a classic small-scale geometric lattice, MARTEL a multi-coloured stripe, and abstract animal prints are found in POWELL and COWAN. To complete this comprehensive selection, the classic velvet CLEO and linen-blend HUSK offer plain coordinates to compliment, contrast and blend this range together.
- Colourways: RATHBONE features four divergent colour stories in its collection. Jungle brings together a rainbow of colours like Ivy, Moss, Orchid and Shadow; inspired by the chromatic madness found in these tangled worlds. Chintz blooms feelings of a spring garden with hues of Poppy, Geranium, Cornflower, Cardinal and Peacock. Ocean explores the multi-modal nature of water with tones of Lagoon, Atlantic, Atoll, Azure and Abyss. Spice inspires interiors of a tasteful palette with Tandoori, Marsala, Paprika and Sumac.
