

# WARWICK

## BEAUTIFULLY BOHEMIAN with MAHARAJA by Warwick

Overview: MAHARAJA is Warwick's latest natural blend fabric to join WARWICK NATURALLY. Celebrating the diverse and vibrant characteristics of Indian culture, this dry look fabric features a distressed print, combining traditional elephant motifs with floral mandalas to produce a range that is inherently bohemian and anchored in traditional design.

- **Inspiration:** Traditional Indian block printing and design heritage are the source of inspiration for the elaborate design of MAHARAJA. Drawing influence from colourful markets, mounds of rich spices and intricately designed Indian clothing, MAHARAJA comes in an array of colours.
- **Application:** The textured linen/viscose blend base cloth creates a dry yet tactile fabric that is perfect for a range of drapery and upholstery applications in both domestic and commercial settings. The vibrant colours and Indian inspired designs add a striking aesthetic to existing interiors.
- **Colourways:** With rich hues screen printed onto a natural textured cloth, MAHARAJA celebrates all things colourful. Indigo, Emerald and Marsala create a burst of life, while the more subtle neutrals of Charcoal, Pearl and Sandalwood are versatile tones well suited to contemporary interiors.
- **Rating:** A linen and viscose blend ideally suited for both drapery and upholstery use in domestic and general commercial applications. Certified under the world leading OEKO-TEX Standard 100.
