

WARWICK

MESSINA

BALANCING AN ELEMENTAL DESIGN WITH A FUNCTIONAL FLOW – MESSINA by Warwick

MESSINA provides the perfect blend of visual intrigue, chic colourways and textural beauty. Relaxed in style with an effortless appearance that has a refined presentation with an informal outcome.

- **DESIGN:** Focusing on the sustainable production of textiles, the MESSINA collection contains recycled fibres making it part of Warwick’s ENCORE range. Constructed with a piece dyed, relaxed weave, the result produces a modern, subtle colour variation that is accentuated with its linen blend creating a vertical feature fleck.
- **APPLICATION:** Self-weighted and available as a continuous, 320cm wide solution, MESSINA has a carefree simplicity that is enhanced with colour and texture and will blend beautifully with its surroundings whether puddled, layered or hung with a more formal design.
- **COLOURWAYS:** A texturally contrasting style that draws from the raw beauty of nature, MESSINA’s color palette is a blend of earthen neutrals, elemental blues and greys, rustic clays, and muted greens. There are nineteen colors to choose from that are subtle in tone and rich with a timeless earthiness.
- **RATING:** Certified for quality management system ISO9001 and Oeko-Tex certified with an AS1530.3 fire rating.
