MONTENEGRO

CASUAL SHEERS WITH A CULTIVATED NATURE - MONTENEGRO by Warwick

Overview: MONTENEGRO draws inspiration from European coastal living. A transitional sheer that brings a relaxed, natural look to any interior application, big or small. This continuous, self-weighted sheer offers up a harmonious balance of form and function. A casual, refined aesthetic teamed with technical specifications to offer a flawless drape with wide-width properties and fire rating.

- **Design:** With a plain, piece-dyed weave featuring a rustic cross-hatch aesthetic – MONTENEGRO's slubby, loosely woven yarns create its raw, natural look. This sheer has a matte appearance with a dry, textured handle. This gives MONTENEGRO its breezy, relaxed look and feel.
- **Application:** This 320cm wide-width sheer is a fantastic choice for residential and commercial drapery applications, from large-scale architectural windows to soft Roman blinds. MONTENEGRO offers users exceptional light filtering with a private yet relaxed nature in a refined selection of colours.
- **Colourways:** MONTENEGRO is a versatile, natural look sheer with the qualities to suit any application. With 15 core colours from neutral to lightly saturated, MONTENEGRO lends itself to any interior application. Light neutrals include Iceberg, Birch & Vanilla. Taupe, Walnut & Pewter bring in darker neutral tones. Adding slight saturation to the mix are colourways of Sage, Cloud & Rosewater.
- **Rating:** Fire rated to 1530.3 & 1530.2 standards, MONTENEGRO is an Oeko-Tex certified sheer for all interiors. This transitional wide-width (320cm), self-weighted fabric allows users to adapt and create a serene and relaxed nature with excellent light filtering and continuous properties. A versatile, matte finish sheer for all occasions.
