TEMPTING TACTILE TEXTURES – TOSCANO by Warwick

Overview: Introducing a transitional collection of mix and match patterns, TOSCANO fuses traditional design with a contemporary colour palette to create a balanced collection that is relaxed, rustic and unique. Offering a vintage aesthetic with a refined urban twist, this bold collection will create effortless style with its eclectic designs while a chunky textured finish will bring a natural element to existing interiors.

- **Application:** Protected by HALO characteristics, TOSCANO is a tactile collection with a striking aesthetic that is perfect for bold pieces such as stylish sofas, matching ottomans and statement armchairs. Featuring a yarn-dyed jacquard weave, TOSCANO offers a unique boucle wrap yarn creating a raw, distressed finish and gorgeous tactile textures, ideal for chunky scatter cushions in an array of patterns and colours.
- **Design:** A selection of contrasting designs, TOSCANO'S classic Damask provides a traditional aesthetic with influences from the Rococo Era while the ethnic Batik pattern of ROMANO meets its contemporary counterpart in the zig zag geometrics of COSTA. Providing the perfect balance between each coordinating design, NIXON is a simple plain with raw textures.
- **Colourways:** Boasting a diverse colour palette of contemporary hues, TOSCANO will add depth and personality to existing design schemes. Linen, Denim and Charcoal are tried and tested tones with a refined and sophisticated mood, while Terracotta, Chartreuse and Bluestone are on-trend colourways that offer a bright and fresh aesthetic perfect for modern rooms.
- **Rating:** Safeguarded by the HALO characteristics of high performance and easy cleanability, TOSCANO is a high-quality collection with the added benefit of being Oeko-Tex certified, making it the ideal fabric for upholstery purposes in residential and commercial environments.
