

WARWICK

A SERENE SHEER FOR TRANQUIL SPACES - OLYMPIA by Warwick

Inspired by idyllic living and the beautiful coasts in Greece, OLYMPIA is a transitional, sheer, plain drapery collection that is ideal for creating spaces of calm and serenity. Self-weighted with a continuous 320cm wide width, OLYMPIA is a beautiful, soft sheer that is perfect for relaxed interiors, and bringing calming, serene moods.

- **DESIGN:** OLYMPIA is a yarn dyed, plain, woven sheer where its different coloured yarns create a third hue that is rich and varying in tone. Soft and lightweight with a dry finish, OLYMPIA's open weave creates sheer translucency, allowing light to filter through while providing privacy.
- **APPLICATION:** From calm settings, to idyll environments, OLYMPIA brings a soft and relaxed aesthetic, inviting a serene and light mood to a space. Oeko-Tex certified, OLYMPIA is self-weighted and offers a generous 320cm continuous width which adds to its versatility, making it easy to work with and perfect for large-scale windows and soft Roman blinds.
- **COLOURWAYS:** Featuring a palette of seven versatile and carefully considered colours, OLYMPIA's shades are perfect for quietly blending into interiors and creating a serene veil that softly merges the indoors with the view outside. Snow and Ecru are beautiful shades for tranquil, coastal vibes, while Pepper, Shadow, and Coffee are deeper alternatives for modern and urban moods. For nature-inspired hues, Stone and Mist offer timeless neutral options that will sit effortlessly in an array of settings.
- **RATING:** This self-weighted and 320cm continuous wide width fabric is sheer and light, making it ideal for creating airy, tranquil environments. With Oeko-Tex certification, OLYMPIA's range of colours and soft nature brings a sense of calm and relaxation to modern spaces.
