## PELUCHE

### NATURALLY LAVISH DRAPERY WITH ELEGANCE AND VERSATILITY

Invite poise and sophistication with PELUCHE. Part of our LINIA range and offering a generous wide width, PELUCHE is a soft, transitional drapery that will effortlessly create relaxed spaces with its casual, yet sumptuous nature and elegant feel.

**Design:** Made in Turkey, PELUCHE is a plain, woven, piece dyed drapery made from an exquisite linen blend that brings a lustrous sheen for added elegance. Dry in finish and soft to the touch, PELUCHE embodies a fine chenille with a subtle, vertical texture for visual, textural appeal and a soothing aesthetic.

**Application:** For casual and sophisticated spaces, PELUCHE will invite a sense of calm while being classic and stylish. PELUCHE offers a continuous 300cm wide width, making it perfect for creating composed drapery in any modern or traditional interior, especially for large-scale windows.

**Colourways:** PELUCHE offers a timeless palette of 18 core and trend focused shades. With sublime hues for gorgeous pops of colour, Nectar, Clay, Toffee and Honey provide uplifting moods. While Olive, Sage and Navy evoke feelings of nature with their earthen gradients, Snow, Eggshell, Natural and Angora bring warm neutrals for a chic style with their time-honoured tones. Breeze, Denim, Storm and Gunmetal are cooler and are perfect for adding complexity and depth.

**Rating:** With a 300cm continuous wide width, PELUCHE is a naturally lavish drapery that is versatile and ideal for softening interiors in both residential and general commercial spaces. Oeko-Tex certified, PELUCHE is free from harmful substances, adding customer trust and unparalleled product safety practices.
