## CAPTIVATING CONTRAST WITH NATURE'S ESSENCE - VIRON by Warwick

Overview: Organic mark making and textural depth come together to create VIRON. With its almost bark-like design and poly-cotton blend, this drape has an adaptable and transitional nature – bringing a rich and ostentatious aesthetic to any interior application.

- **Design:** VIRON features a densely textured jacquard weave with a piece-dyed finish. The varying poly-cotton fibres and tactile depth give this fabric an engaging linear look. VIRON's matte sheen catches light in a serene and selective way that gives it an opulent and alluring nature.
- **Application:** VIRON offers users an elegant and illusive light filtering solution with captivating contrast. This tonally enticing collection extends itself to a selection of applications including lampshades, drapery and Roman blinds.
- **Colourways:** Calm and collected, VIRON's 13 colours present a versatile selection of delectable drapes. Skus of Barley, Petal and Powder present a palette with understated saturation. Mercury, Fog and Carbon offer more contemporary and conversant colours. Hues of Sandstone, Vanilla and Mist round up this collection with a selection of classic and timeless tones.
- **Rating:** Toned and transitional, VIRON offers a selection of jacquard drapes with organic textural contrast. Suited to an extensive array of applications, this fabric provides engaged and enticing colour to a space with elegance and movement.
