## TROPICAL VINTAGE OPULENCE – ZANZIBAR by Warwick

Overview: Historical tropical leaf design and bold, opulent colour fuse together to bring the extravagant and divine ZANZIBAR. This heavy commercial upholstery velvet offers a moody yet transitional design for use in a multitude of applications, from sumptuous residential interiors to bold commercial spaces.

- **Design:** Named after the tropical island off the coast of Tanzania, ZANZIBAR has been inspired by classic botanical illustrations, capturing a variety of tropical leaf patterns in this original design, the intricate detail and jewel toned colours are brought to life by the rich velvet texture it is printed upon.
- **Application:** Printed on the 100% polyester MYSTERE base cloth, ZANZIBAR is robust in durability yet soft to touch and beautiful in design. Heavy commercial with AS1530.3 fire rating, this vintage leaf also has Halo easy-clean characteristics. Ideally suited to large or small scale upholstery, luxe lamp shades and plush cushions, this fabric will bring warmth and opulence to a residential space, and similarly create visual interest and plush texture in commercial interiors too.
- **Colourways:** In four bold and distinct colourways, ZANZIBAR will create a glamorous statement piece in any situation. Gold brings striking elegance, whilst Claret and Midnight offer more traditional velvet hues for classic pieces. The pink and spearmint tones in the Coal colourway are refreshingly modern and moody. ZANZIBAR overall will provide deep and rich transitional tones for extravagant and flamboyant upholstery.
- **Rating:** Heavy commercial with AS1530.3 fire rating, ZANZIBAR is a Halo quality with an inherently easy-clean nature. The soft and inviting velvet texture combines with the beauty of vibrant colour and detailed design to create an evocative fabric for statement furniture in both residential and commercial application.
